## Internal Auditor

### Description

The incumbent would be responsible to demonstrate leadership and showcase audit capabilities and contributions to management, deliver high-quality audits focusing on critical requirements, high-risk activities, management requested reviews, and profit improvement opportunities. You would be performing annual risk evaluations through analytical reviews of GL balances, ongoing assessments of current developments, and interviews of management and key personnel, submitting audit reports, following company deadlines, templates and writing conventions and monitoring and assessing implementation of corrective action plans and audit recommendations.

Someone who has worked for multiple industries with 1 of the main industries being Oil & gas would be an ideal fit. This is a dream role for someone who believes in him/herself and is looking to achieve the aspirational targets.

The position is based out of Dubai in UAE.

### Qualifications

You should be having at least 5-6 years of working experience as an Internal Auditor if you have worked for an Oil & Gas company then you are definitely our first priority.

You should be a CA or MBA Finance and if you have an engineering degree that earns you loads of brownie points.

High propensity for detailed analysis and testing of complex processes and voluminous data

Advanced analytical and conceptual thinking, Well-developed investigative, evaluative and problem solving abilities.

Our client a very passionate and rapidly expanding Management Consulting firm in UAE is looking for an equally passionate and dynamic Internal Auditor.
